2017 Inverness Soccer Club

Dear Prospective Team Sponsor:

Our Club has served families in the Inverness/Palatine and surrounding areas in providing a recreational soccer league for over 20 years. We provide a non-competitive playing environment, with parent volunteer coaches, that focuses on team building, sportsmanship, and teaching the fundamentals of soccer. Each season, our Club serves approximately 350 families with children from Prek through 8th grades.

Our program relies solely on registration fees from parents of the players as well as generous contributions from community sponsors. Without the support of our sponsors, the cost of the program may prevent some community children from participating. As a new program this year, we would like to offer a unique opportunity for your business to meet and interact with our Club families at our (in person) registration and/or team picture day.

I ask for your consideration in becoming a Club Sponsor as detailed in the attached information. On behalf of the Inverness Soccer Club, players and families, we thank you for any support you can provide.
